

Sermon series: The Doctor's Cure

Text: Luke 23:1-25

Big Idea: Because God planned, initiated, and carried out the killing of Jesus for the sins of the world, this greatest grace provides believers with faith-building confidence that all lesser graces needed will also be provided by the Father.

Delivered: May 17, 2020

Questions to think about or discuss...

- Do you know of anyone who was wrongly convicted of a crime? Google www.innocenceproject.org/all-cases/ to see some examples.
- What story in the Bible (hint, early Old Testament) in many ways mirrors what God did to His Son? After reading it, what are the similarities, what are the differences?
- What is so bad about people's sins that God had to sacrifice a Son so good?
- In sacrificing His Son for us (Romans 8:32), God made a declaration that you'll never lack His grace for whatever else you need. Since He solved your biggest problem with amazing grace, He'll provide all the grace you need for all current and future challenges. What is it that you're currently facing that seems too big? Think about what it is that you want in this challenge, and then consider what it is you NEED. In faith ask God for the grace to meet your NEED.
